OPTIMIZING EFFICIENCY***

Case Study

A Leading Pharmaceutical Products Research Company

-  Finance
-  Inventory
-  Quality
-  Sales
-  Planning
-  Delivery
-  Purchase
-  Production
-  Analytics

Challenges Encountered

Required a Solution that would grow with their global business.

Desire to leverage technology to remain competitive and innovative

Compliance with stringent Pharmaceutical Industry Validation Requirements

Proposed Solution

Previously Used Solution

Previously they were using Tally for accounting purpose and some laboratory based system for QC operations.

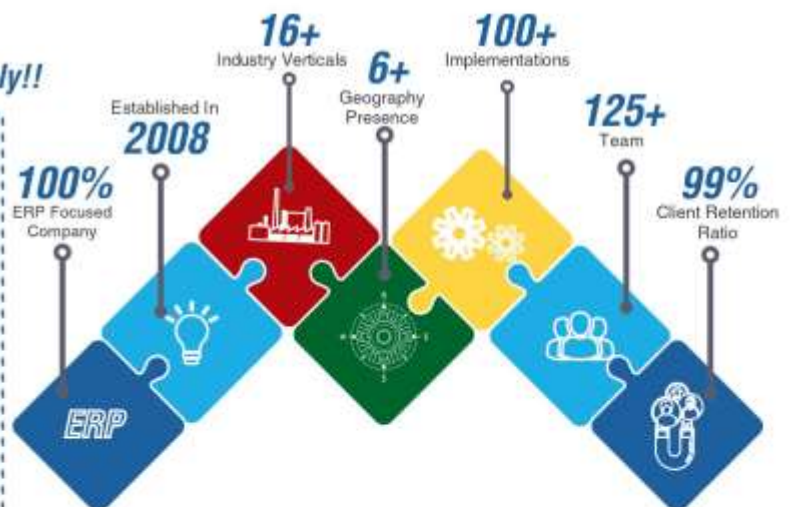

Solution Addressed

While using SAP Business One, we suggested them to put further control on their pharma based typical production and quality process with inclusion of Advanced BMR management and with typical quality and equipment reports.

Thus it measures actual WIP at the month end and reduce the same from consumption and added in stock for the next month consumption.

About MindQuad: Digital Transformation - Efficiently and Effectively!!

MindQuad Solutions Pvt. Ltd. is a solution centric company driven by sheer ethics and integrity using cutting edge technologies to deliver the cost effective, predictive, consistent, reliable and flexible solutions. We aim to be a one stop solution company leveraging best of SAP & Microsoft Dynamics technologies and delivering the best fit solution to our clients. We strive to become a partner for our clients rather than just another IT vendor and be an integral part of their success story in business growth.
